Hi Kathleen,

The Grants Office here at the US EPA Region 9 provided the following information for the point of contact for the attached grant application 4700-4 Form:

Kathleen Frazier

Question XI. is complete (missing either a legal citation, internet address for, or copy of procedures). Without a completed form I cannot complete the review and approval for the grant application to proceed.

While a new form submission is not required, I do need a response in writing (email is sufficient). Can you please provide the applicants responses to both questions by responding to this email **no later than Wednesday, July 6, 2016.**

If you have any questions please let me know.

Thanks, **Gina**
